Second Class Mail - Registration No. 1738 Deseronto, Ontario Wednesday February 7, 1973

Volume III No. 22

KEY 73

Major Bill Davies and his wife, both well known members of the Salvation Army will be participating in a part of the Key 73 programme in this area.

Major Davies was born in New Waterford, Nova Scotia, and has served in the Salvation Army in Canada, Nigeria and Bermuda.

Both Mr. & Mrs. Davies are very capable musicians and should ensure that the Salvationist programme is enlightening and entertaining. They are to take part in a service in Deseronto's Lions Hall on Sunday Feb. 25 at 9:30 a.m. They will also be appearing in Napanee from Feb. 21 to Feb. 25th, 1973.

Damage in Masonic Temple

Because the town failed to rectify drainage difficulties near the Masonic Temple in Deseronto, extensive water damage has been caused in the basement of the building.

Mr. T. McAllister appeared before council on behalf of the Masonic Lodge to voice the complaint. The basement has flooded repeatedly since he was promised action by the town foreman.

The drains were first damaged when sewers were put in along the street, but since then town employees have dug out the old cast iron main and connecting pipes without replacing them. It was alleged that the material was sold for scrap by a town employee—a matter which is to receive police attention.

When asked why no steps had been taken to alleviate the drainage problem, Mr. McVicker, streets chairman, said that the problem had been shelved because the road is slated for extensive repairs this year.

In the meantime, the problem is whether or not the town's insurance will cover the cost of replacing the carpet, or whether the town is responsible.

Mayor Jim Sharpe promised Mr. McAllister that action would definitely be taken.

The town has promised to provide men for pumping out the basement, should this be required. Meanwhile the Odd-fellows, who use the basement, are busy getting an estimate of the cost involved in replacing the carpet.

St. John's 60th Anniversary

Last Sunday the congregation of St. John's Anglican Church at Point Anne welcomed the congregations of St. Marks Deseronto and of Trinity, Shannville, to a 60th anniversary service, which filled the small church.

The service was held, not to celebrate the building of the church, but its opening at Point Anne. The church was originally a part of Christ Church in Belleville and was built in 1875. It was donated by them to what was, at that time, a Mission of Christ Church at Point Anne.

The dedication service was conducted by the Rev. G.R. Beamish, assisted by Rev. J.S. Fraser and by Rev. E.S. Cam-

pell, the priest-in-charge of the Mission.

Last Sunday's service was based on the dedication service 60 years ago, the Bishop of Ontario was present and announced that he will visit St. Marks in Deseronto on Sunday February 11, 1973.

The theme of the sermon was that the church lives on in its members, not in buildings, so that whatever happens to the actual church building, the spirit of the church lives on.

In view of the fact that the fate of St. John's is rather doubtful, the topic for the sermon was particularly appropriate.

School Advisory Committee Meets

In view of the fact that the principal, Mr. A. Camelford, was unable to attend, the meeting was quite informal.

A discussion of discipline in the school showed that most of those present felt that this is now much less of a problem than in previous years. Mr. Camelford and Mr. Murphy were commended for the work they have done in this regard.

A discussion was held regarding the use of "non-qualified" personnel as supply teachers. Mr. Camelford was questioned on this point after the meeting and he pointed out that "non-certified" would be a better term. Out of seventy-six days of teacher absenteeism only three were filled by an "unqualified" teacher. Whenever possible, a certified teacher is used, but Mr. Cam-

elford said that he had found many of the "unqualified" teachers were most competent.

The advisory committee also discussed the possibility of separating boys and girls for Phys Ed classes. This is not practicable because classes are not large enough to split. It was also suggested that some form of gym uniform should be used, since even slacks do not allow free movement. On this point Mr. Camelford said that students who wished to bring special gym clothes to school would be encouraged, but that he didn't want to make it a rule because poorer families would be in difficulties over the cost.

Several other minor points were also covered. The next meeting of the Advisory Committee is scheduled for Wednesday Feb. 7th at 9:30 a.m.

Water Survey Questionnaire

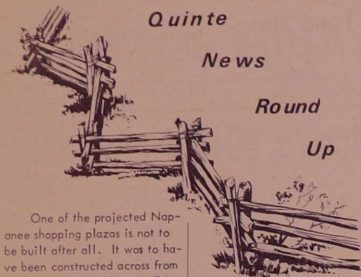

Deseronto town council is to send out a water survey questionnaire with the water bills in March. These are to be filled out by the consumer and returned to the P.U.C. office. A door to door survey is also planned at a later date to complete the information gathered

as to what the residents of Deseronto feel about the town's water problem.

Improvements to the water system are drastically needed, and it is hoped that a public opinion survey will help to clarify the problem.

Quinte

News

Round
Up

One of the projected Napanee shopping plazas is not to be built after all. It was to have been constructed across from the Lennox and Addington County Hospital. The reasons for abandoning the plan were that water and sewage services were a major problem and also that the hospital did not welcome the idea.

If Napanee follows the recommendations authorized in the Ontario Police Commission Report it will form its own police commission independent of the town council. Mayor Lorne Smart doesn't think this is a particularly good idea. However, if the commission is formed as mayor of Napanee, he would be one of the three commissioners.

The Quinte Hastings Recreational Trail Association was not successful in obtaining a grant under the local initiatives programme this year, to continue work on the Quinte Trail. The next step in the development of the trail is undecided now that funds are not available.

The chairman of the Pictou Police Commission, Jesse Mason thinks that a commission works better than a committee of council. Mr. Mason said that a commission can provide continuity and long range planning, and that a commission could deal better with citizen's complaints "without a lot of gossip around town."

A series of weekly tests conducted on water from the

spring in Springside Park, Napanee, have shown that the water is perfectly good for drinking. Bacteria levels fluctuate with run-off conditions but have never reached levels dangerous to health. Many people from communities close to Napanee take water from the spring, including a few from Deseronto.

The select committee on motorized snow vehicles and all terrain vehicles, such as hovercraft, is holding public meetings across the province to hear the views and comments of the public on this subject. The meetings which are having large turn-outs are scheduled for this area this week. There is a meeting in Kingston on Wednesday Feb. 7th and one in Queen Elizabeth school, Pictou on Feb. 8th at 8:00 p.m.

The director of ARC industries in Pictou, Mike Donohue has stressed the need for volunteers to assist trainees with their activities. No special skills are needed, the aim of the workshop is to make people, not skilled workers.

Agricultural problems caused by the unseasonable weather this winter won't show up until the spring, according to William Olan, the associate agricultural representative for Prince Edward County. Crops likely to be affected are some hay crops, winter alfalfa and fruits. In Lennox and Addington, Garnet Mills commented that beef cattle are healthier outside, provided they have some shelter. Mr. Mill does not foresee any problems in L. and A. unless the temperature drops without any protective snow cover.

Construction on the Holiday Inn project north of Nap-

anee is due to begin in May. It is expected that the 80 room building will take four or five months to complete. The plans for the shopping mall on Highway 41 are being held up by re-zoning problems. It is hoped

that construction will begin on the mall in May.

NOTICE

COUNTY OF HASTINGS

NOTICE IS HEREBY GIVEN that the Corporation of the County of Hastings will apply to the Legislative Assembly of the Province of Ontario at its next Session for private legislation to provide as follows with respect to the composition of and votes on the County Council in the year 1974 and subsequent years:

1. Notwithstanding subsections 1 and 2 of Section 27 of the Municipal Act, membership on the council and the votes of such members shall be as follows:
 - (a) Where a local municipality has less than 2,500 municipal electors, the reeve only shall be a member of council and shall have one vote.
 - (b) Where a local municipality has not less than 2,500 and not more than 5,000 municipal electors, the reeve and the deputy reeve shall be members of the council and each shall have one vote.
 - (c) Where a local municipality has more than 5,000 but not more than 7,500 municipal electors, the reeve and the deputy reeve shall be members of the council; the reeve shall have two votes and the deputy reeve shall have one vote.
 - (d) Where a local municipality has more than 7,500 municipal electors, the reeve and the deputy reeve shall be members of the council and each shall have two votes.

DATED at Belleville this 20th day of December, 1972.

RONALD W. CASS, Q.C.

Happenings DESERONTO

Mrs. Kay Hood
396-2119

Quite a number of people
from the various churches in town

attended the Ecumenical Service on Sunday evening, at the United Church. Father G. Vander Heijden, gave the sermon with Rev. Wm. Hendry, United Church, Rev. F. Bell, St. Marks, Rev. Cyril Betts, Christ Church, and Rev. Robert C. Jones, Church of the Redeemer, taking part in the service.

A meeting was held in Stover Hall at the United Church on Monday evening of groups of ladies from the various churches in town. They are making plans to have "Welcome Committees" for new comers to town and many other ideas as a community project. The next meeting will be Feb. 20th at 8 p.m. at which the hope to give a name to this organization. All women are welcome to come, more are needed to make this a big success.

Saturday and Sunday visitors of Mr. and Mrs. Sid Brown were their niece, Mrs. Leone Medhurst of Cobourg, Mrs. Leonard Brown and Mr. Jack Goods of Kingston, Miss Suzanne Goode of Vancouver and Mr. and Mrs. Robert Rogers of Toronto.

On Sunday, Mrs. J. Hines called on her brother Mr. Ross Weaver, in the Pictou Hospital also her sister Mrs. Mary Rosborough at Big Island.

Mr. and Mrs. Norman Dimmell of Ottawa and Mr. and Mrs. Murray Dimmell of Willowdale spent Sunday with their mother Mrs. C.F. Dimmell, who returned home from the Belleville hospital. So happy to hear Mrs. Dimmell is coming along fine. Her daughter-in-law Vera is staying with her for a week.

The Public Utilities Commission will be holding their regular meeting at the P.U.C. office on Wednesday evening.

Get your "Bottles and Baskets" ready for the Presbyterian who call on Feb. 17th. All clean baskets, wooden or cardboard bottoms are accepted

Miss Mary Lavature is a patient in the Belleville General Hospital.

Miss Mary Lavature is a patient in the Belleville General Hospital.

OBITUARY

Thompson, Mr. William Henry Thompson 79, 172 Bruce Street, Oshawa, Ont. died Feb. 4th in Oshawa General Hospital after a long illness. Mr. Thompson was born in Deseronto and was the son of the late Robert Thompson and the late Mary Ann Harvey. He is survived by a son Gordon, Oshawa, Ont. and two brothers and one sister of

this area. The funeral was on Feb. 7th at White & Morris Funeral Home at 3:30 p.m. Rev. Frank Bell officiated. Burial took place at the Riverview Cemetery, Napanee, Ont.

Ramsay - Mrs. Mabel Amelia Ramsay 68 of 211 Main St., Deseronto died at the Belleville General Hospital on Jan. 30th after a short illness. Mrs. Ramsay was born on Tyendinaga Reserve, and lived in this area all her life. She is survived by her husband George Ramsay and by three children and one grand-daughter.

As a member of the Mahawk Pentecostal Church Mrs. Ramsay was buried in the Mahawk Pentecostal Cemetery on Feb. 2nd, with Rev. Fred Futters officiating.

Maracle - 70 year old Frederick Maracle, who was born on the Tyendinaga Reserve and lived in this area all his life, died in St. Mary's of the Lake Hospital in Kingston on Jan. 31st. Mr. Maracle had been in the hospital for the last eight years. He is survived by three sons and one daughter, all of this area.

Mr. Maracle was buried in All Saints Cemetery on Feb. 3rd; Rector Cyril Betts conducted the funeral service.

Aerial on Water Tower

The Regional Manager of McLean Hunter Communications has told Deseronto Council that his company is interested in renting the top of the town's water tower to erect a VHF radio aerial.

The aerial will only be about 5 ft. high and provides service for private subscribers. The aerial is guaranteed not to interfere with local radio and TV reception.

Continued from page 2

play based on an Indian Legend. The production, entitled *Chinook*, was performed by students from McArthur College in Kingston.

Chief Ranger Everett Ferguson said in Napanee recently that dogs running free cause mo-

re deer kills than human poachers. So far this year there has been little problem with poachers, and dog kills have declined because the lack of snow enables the deer to outrun the dogs.

George Cunningham, defeated Liberal candidate for Pri-

nice Edward and Lennox, prophesied a short political career for MLA, James Taylor. According to Mr. Cunningham, the Conservative riding houses are not impressed by Mr. Taylor, and he also maintained that the executive are trying to get rid of him.

Pitcon has "no juvenile problems at all" according to Police Chief George Ritt, who reported that there is no drug problem in the town - only three charges involving marijuana have been laid.

The safety officer of the Napanee detachment of the OPP Constable Ray Harrington, warns area residents to stay off ice during the unsettled weather this winter. He says that ice conditions on lakes and rivers are not safe this year, but that people are not heeding the warnings they have been given.

The Belleville city council is again to ask the Ontario Ministry of Transportation and Communication to consider a high-level bridge from Rossmore to Belleville. The present bridge has changed very little since the days of the horse and buggy.

The opening of a dance hall - drop in centre in Napanee's old post office has been postponed because a licence is required if goods are to be sold there.

\$1,281.86 Owing for Sewers

The Deseronto P.U.C. reported to Council that delinquent sewer accounts already amount to \$1,281.86. This amount is owing by people who are hooked up to the town sewers, but have not yet paid their bills. Since some of the delinquents are tenants, the question of whether the tenants, or the owner of the buildings in question are responsible for the debts needs to be clarified.

It was decided that a standing committee should be formed to deal with all matters pertaining to waste disposal. The purpose of the committee will be to investigate all these matters and report back to the public.

BIRTHS

To Mr. & Mrs. Stirling Barker of Thomas Street, Deseronto, on Saturday Feb. 3rd at 9:20 a.m., a 7 lb. 3oz. boy. The new baby will be called Scott.

What Council Did

Agreed on that date of Wed. 7th for meeting with the Hastings County Planning Board. This is in connection with an official town plan for Deseronto.

Received an invitation from Mr. Moore of the Select Committee on Snowmobiles to attend a meeting to be held Thursday Feb. 8th at Queen Elizabeth Public School, Picton. Briefs will be heard at this time. Mr. Don Hubble, President of local snowmobiling club stated he was not aware of this particular meeting but was attending a similar one being held in Bancroft today (Tuesday). He thought it more logical to attend there as it is in our County.

Heard a request from O. W.R.C. for Council to submit two dates for official opening of sewage plant, later this spring. It was decided to suggest the days which coincide with the Lions Club Jamboree, June 28th, 29th, and 30th.

Agreed to renew the Fire Protection Contract with the Tyendinaga Indian Reserve Band Council for a period of 6 months ending the 29th day of June 1973.

Received a letter from the Library Board explaining that expensive renovations in the past year had almost depleted their surplus funds and was asked that the town grant be increased to \$3300. (2400 last year).

Heard from the Advisory Task Force on Housing Policy whose role is to examine the current housing situation in Ontario. Councillor Dickenson is to form a committee and prepare a brief on the subject as it pertains to Deseronto to be

by Mrs. Margaret Jackson

submitted before Feb. 28th, 1973. The town will be advised as to time and place of meeting to be held in this area within 3 weeks.

Referred to the Recreation Committee a letter from Napanee and District Minor Hockey asking the town for a contribution on behalf of the 31 Deseronto boys participating in Minor Hockey. \$5 per boy was the suggested figure.

Approved payment of \$465 to Kimmett and Rombough for the new lighting system installed in Council Chambers.

Approved payment of \$1,575. to Murray Equipment and Construction for Vibrator Roller recently purchased. It was mentioned that their is no subsidy forthcoming on this purchase but a subsidy is paid on hourly rate of operation.

Was informed by Deputy-Reeve Brooks that he had been appointed to the Board of Directors of Family Services and Childrens Aid.

Heard from Deputy-Reeve Brooks that he had investigated a case of water flooding at Hawley Bros. last Friday, the day of a heavy rain storm, and felt that the town will have to do something about it. He also reported that Mrs. Murray Brooks was on crutches as a direct result of stepping from a truck into a hole in the road and felt the town responsible.

Heard a recommendation from Councillor McVicker that copies of financial reports be made available to all members of Council to better enable them to follow and understand reports.

Received word from the M.T.C. that a tentative date has been set to start work on Highway #2 in late 1973. A complete repaving job will be done, including new storm drains and gutters. A parking strip to be put in some areas and sodding in others. The surface to be lowered 6" to 4 foot.

NEWS RELEASE given after adjournment of meeting. Sewer and Water subsidy being raised from 50 to 75% ceiling of \$120 per residence raised to \$130 for sewers 110 for water

Our cost of \$180 per year should be reduced to \$162 per year.

NOTICE of Public Meeting

Lennox - Oshawa Transmission Line Project

Richmond & Tyendinaga Townships

Thursday, FEBRUARY 8, 1973

7:30 p.m.

PoliceReport

January was an uneventful month for the Deseronto Police force. Chief Carl Beattie reports that during the month 117 minor complaints were investigated.

In spite of the changeable weather of the past few weeks

there were no traffic accidents in Deseronto during January, although 37 parking tickets were issued to motorists and 9 charges were laid under the Highway Traffic Act.

In addition to driving offences, 7 charges under the Liquor Control Act and 5 under the Criminal Code were made.

From the Pulpit

by R.E. Masters of the Deseronto Pentecostal Church

Text: Romans 5:1-11

Last week, I mentioned the chisels that are used for carving personalities. This week I will deal with the first chisel in a little more detail. The first chisel is faith for Paul says, "That being justified by Faith we have peace with God."

When one makes that stand for Christ, God will do something to change that individual personality. This will be by uniting you to Himself by causing you through a death (with Christ) to repent and thus enter a new life (in Christ) responsive to Him. The result, is a new creation. We are created in Christ Jesus so that we may walk according to His perfect will for us. This all happens when you take that step of Faith and thus you have perfect peace with God. You see, Faith is a wonderful chisel by which the Holy Spirit makes a beautiful personality. That personality is described here (Rom. 5:1) as at "Peace with God!" If so it must also be at peace with itself and with all men.

When we remember how much anger and envy are in most people we can see how great is the work which is done by Faith when they take that step and accept Christ as their Saviour. Sometimes this chisel is called trust, for the Holy Spirit uses it just as He pleases. The very first thing that is done, when Faith begins to work is to throw down the old model of self and set up the true and new model of Jesus Christ. The Faith Chisel will work on any kind of human material, even the very worst, for his motto is "all things are possible with God." So, it chips away the old and fashions all after the new model. Reader who not take a step - and let Christ come into your life. By doing this you will let the Chisel of Faith carve a new personality in your life. Personal Faith in Jesus Christ gives strength and beauty to the life. Next week, part 3.

ASK THE PASTOR:

(Got a problem or question? Write to Ask the Pastor, Box 185 Deseronto, Ont. Your questions will be answered in this column. There is not a need to sign your name if you do not desire to do so.)

Dear Pastor: I have often wondered what does religion mean to some people. But I have come to the conclusion that to most people religion is one of comfort in that all the words spoken by the Preacher are comforting in order to please the individual. In fact the words are so comforting that the individual may do anything he wants as long as he attends some religious institute on Sunday. However, I think that is high time that we reject or comfortable religion where all the words are comfortable and where nothing to disquiet is ever said. I further would like to say it is high time we stopped trying to bribe people to come to church by a variety of entertainments and social events. Is it not the Church to preach Christ Crucified? I think that it is high time that the ministers of the Gospel and Christians alike tell the people of this world what Christian discipleship entails. The true Christian is the one who understands the total demand upon his life. The truly converted man is the one who on his own Damascus Road falls on his knees before Christ and cries, "Lord, what will thou have me to do?" No one is forced to embark on the life of discipleship, but he who does should clearly understand that the disciple is expected to travel the way of the Cross. I am just disgusted with the way some churches carry on and I would like your opinion.

Signed: R. R.

Dear R. R.: You said every thing that needs to be said. Thankyou for your letter and your concern.

Lion's Club Sold

The Lions Club Hall on Deseronto's Main Street has been sold; the announcement was made by Mr. Gerald Lott, publicity secretary for the club on Tuesday.

The negotiations for the sale of the building have been going on for some time. The Deseronto Oddfellows showed considerable interest in acquiring the building and made enquiries as to the cost. Mr. Hugo Newman stated that originally the Lions Club said that they wanted \$5,000 for the building. After an initial offer of \$4,000 by the Oddfellows, the Lions told them that the sale price was \$7,500.

On Saturday Feb. 10th the Oddfellows signed an offer of purchase, with the price set at \$7,500. The offer was reported to be a rather complex document, allowing for the use of the building free of charge, by the senior citizens, and such organisations as the Catholic Church, with the intention of retaining the hall as a community centre.

The Lions held an executive meeting to discuss the sale of the building on Monday evening. At that time another offer was brought forward. The price offered was \$800 higher than the Oddfellows offer, with no clauses included to cover the social use of the hall; after discussion the Lions decided to accept the higher offer.

Mr. Lott said that although he personally regretted the fact that the Oddfellows did not get the building, at this time the Lions Club is rather short of money because of the cost of the new Medical Centre and \$800 is "a fair sum." The new owner is Mr. Moley Randall. It is not known to what use he intends to put the building.

The Lions Club are now selling draw tickets, the proceeds to go towards the cost of the Medical Centre. Work on the centre has resumed after being held up for a few days because of cold weather.

School Advisory Committee

Police Chief Carl Beattie attended the Advisory Committee Meeting at Deseronto Public School on Wednesday Feb. 7th, in place of Constable Norman Clarke who had been called to attend court in Belleville.

He commented that the safety program started in the fall had "fallen by the wayside" temporarily but would be instituted again once the new shift for the police had been in use a little longer and the policemen were more accustomed to it. Chief Beattie felt there was considerable improvement in the number of children using the sidewalks and would be even more if all the adults used the sidewalks rather than walking on the road. He complimented the town men for their efforts in keeping sidewalks clear on the main routes to the school and this feeling was shared generally by everyone. Other

safety measures which could be used were discussed at length, pertaining not only to the use of sidewalks but to crossing the highway. Police Chief Beattie stated that the number of complaints concerning the behaviour of children on the way to and from school was less than 3 of what it had been previously. He felt the "school is the hub of the community" and the general improvement of discipline in the school was carrying out into the community.

Other topics covered at this meeting were the same as those discussed at the informal meeting held in the absence of Mr. Camelford last week. The committee were provided with copies of an "Overview of the Math Curriculum for the Quinte A.S.G." which was discussed at length. Many of those present felt that a course for adults in the New Math would be most beneficial.

Deseronto man heads Conservation authority

A Deseronto businessman, Mr. Gerald Lott of Lott's Jewellers, was acclaimed to the post of chairman of the Napanee Region Conservation Authority at its annual meeting.

Mr. Lott takes over from George Grant, a Verona farmer,

who held the chair for 15 years. Mr. Lott has been a member of the authority since 1965 when it was amalgamated with the Salmon River authority, and has lived in Deseronto for 23 years.

Water Survey Questionnaire Correction

The Deseronto P.U.C. is, understandably, upset about a statement in last week's Scanner about the Water Survey Questionnaire to be sent out in the spring.

We contrived to mix two news stories and came up with the idea that the survey was to be on public opinions about the

water system. This is entirely erroneous, the questionnaire is to cover water usage in Deseronto - how many taps, baths, toilets etc. there are in each house.

We apologise to the P.U.C. and to our readers for any confusion this may have caused.

Napanee has liquor lounges

A recount of the December 4th Liquor plebiscite has turned Napanee into a "wet" town.

The original results showed a 59.86% vote in favour of the sale of liquor in lounges, the second question, the selling of liquor in licensed dining lounges with meals was won by a 62 per cent affirmative vote.

After the recount the liquor lounge vote just scraped over the required 60 per cent level at 60.4 per cent.

Approximately 40 ballots which had been classed as spoiled during the original count, tipped the scale in favour of liquor lounges.

Price increase no benefit for farmers

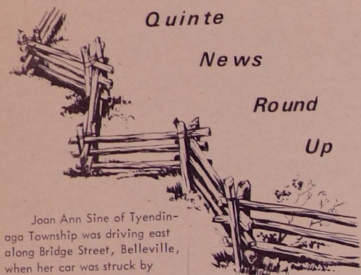

An executive member of the Ontario Federation of Agriculture, Mrs. Roland Stalker, a Bath farmer, said that people must be made aware of the prices paid to farmers for their produce. Mrs. Stalker said that increasing input costs neutralize any price increase as far as the farmer is concerned.

The average earnings for an Ontario beef farmer last year was \$4,861. Between 1961 and 1966 one Ontario farmer went out of business every 3.8 hours. This increased to one every 2.8 hours between 1966 and 1971.

The OFA brief presented at Queens Park last week asked for a series of income boosters including taxation of farm land according to its productivity, subsidization of farm labour and abolition of succession duties.

Quinte

News

Round
Up

Joan Ann Sine of Tyendinoga Township was driving east along Bridge Street, Belleville, when her car was struck by another vehicle which failed to stop at a stop sign. Mrs. Sines car was pushed against a house. The house was not damaged but the car was considerably smashed. Mrs. Sine was released from Belleville General Hospital after treatment for bruises.

Marion Ruby Dafeo of Foxboro has been charged with going through a stop sign. She was not injured.

Lake Ontario Cement Company Ltd. is to undergo an estimated \$26 million expansion during the next two years.

Mayor McFarland of Picton, a member of the board of directors of LOCL made the announcement. The expansion should enable the company to almost double its production when it is complete.

The body of Charles Weeks, 67, of R. R. #1 Picton, was recovered from the waters of West Lake by OPP scuba divers last week.

Mr. Weeks had been travelling across the ice on a snowmobile when he went through an open hole in the ice. He was reported missing when he failed to return from an ice fishing trip.

The ice conditions were described as "terribly dangerous", with the thickness varying from 2 inches up, with open cracks and holes 20 feet wide.

In spite of complaints about dogs at large in Napanee, no really serious attempt is being made by the Ontario Humane Society to catch them, according to Councillor Vick. He said that council may have to reconsider the animal control agreement if the service doesn't improve.

Picton has re-hired Mr.

Donald Tucker of Stirling as animal control officer, in spite of opposition from deputy-reeve Ross Cronkwright, based on the number of dogs not being caught. He suggested that a local man should be hired for the jobs.

One local man, Mr. Wayne Soules had applied for the job but his request was turned down because he lacked facilities for impounding strays. Mr. Soules is not satisfied with the way his application was presented to council and is to appear before the next meeting to question the matter.

The Railway Transport Committee in Ottawa has agreed to a request by Canadian National Railways to remove the station agent from eight localities including Picton. Instead of local agents CN intends to operate a servo centre in Belleville.

Napanee town council has approved the hiring of 23 year old John Myers as a town constable. Mr. Myers is being hired to replace Constable Murdoch who is recovering from gun shot wounds received last year. The future of the Napanee force is still uncertain, if it is kept at eight men, then Mr. Myers will be out of a job when Constable Murdoch returns to work. However this is not a set policy since the OPC report recommended adding another man to the police force.

An inquest is to be held into the deaths of two pedestrians who were killed in an automobile accident in Picton last week. The inquest is scheduled for April. Mr. Wilson Bongard 44, and Keitha Jenkins 59 died after being hit by a car driven by Richard Parks of Bloomfield while they were crossing Main Street.

Jack Ellis, M.P. for Hastings is to appeal the decision not to give an LIP grant to the Quinte-Hastings Trail Association. The funds would have been used to extend the trail from Lake St. Peter to Whitney, a distance of 25 miles, linking Lake Ontario to Algonquin Park.

Councillor Vick is to remain on Napanee's Fire fighting force until more volunteers are found to bring the force up to strength. Councillor Vick was charged with conflicting interests between his position as councillor and his fire fighting job.

He actually submitted his resignation last year but the fire chief did not accept it.

Picton's Town Engineer David McIntosh has submitted his resignation to take up a new position in private business. Mr. McIntosh took the job of Town Engineer in 1971. His resignation takes effect as of Feb. 16.

The Napanee Region Conservation Authority has a budget increase of half a million dollars this year. The authority was one of the few out of the provinces 38 that did not

experience a deficit last year.

Sewage services will not be supplied to the 80 room Holiday Inn just north of Napanee.

Happenings DESERONTO

Mrs. Kay Hood
396-2119

Mr. & Mrs. Alex Robertson spent Friday evening with her sister Mrs. Lottie Anderson before leaving for Florida. They will then go to Carstairs, Alberta where they will be residing.

The Rate-payers meeting will be held on Thursday evening at 8:00 p.m. in the Town Hall.

On Saturday Feb. 17th, starting at 9 a.m. the Presbyterians will be collecting BOTTLES & BASKETS from as many homes as possible in Deseronto, proceeds for missions. They will also be giving out a small book of the scriptures of Luke and Acts in the new English version. These were pur-

chased with voluntary givings of members and friends of the church, as part of "Key 73" "getting the Word around" and as a starting project of the 100th Anniversary of the Presbyterian Church in Canada.

A planning meeting for the "World Day of Prayer" was held at the home of Mr. Mervin Sherman, on Monday afternoon with all churches represented. The service will be on Friday, March 2nd at 2:30 p.m. at St. Vincent De Paul Church.

Sunday supper guests at the home of Mr. & Mrs. Don Mac Millan, to celebrate Mr. Mac Millan's birthday were Mr. & Mrs. Arnold Barkley and daughter Laurel and Mr. Barkley's mother and sister, Mrs. R. Barkley and Peggy of Odessa.

Scouts and Cubs will have their Father and Son Banquet

on Monday evening Feb. 19th.

Guides and Brownies, Mother and Daughter Banquet will be held Tuesday evening Feb. 20th at St. Mark's Church Hall.

Mr. & Mrs. George Nobes of Carleton Place were recent dinner guests at the home of Mr. & Mrs. Ross Harmer Morton.

Mrs. Harmer is the former Miss Helen De Mille eldest daughter of Mrs. Clarence De Mille and was a student of Mr. Nobes, when he was principal of Deseronto Public School.

They had not seen each other in 37 years. The evening was much enjoyed looking over old school pictures and past students.

Mr. Nobes also visited Mrs. Harmer's mother before Christmas and Mrs. Carrie Robinson where he roomed and boarded.

There are quite a few of Mr. Nobes students living in Deseronto, including the Major James Sharpe.

Mr. Nobes plans to return and visit them all in the near future.

W.M.S.

On Thursday evening, Feb. 8th the W.M.S. and La'

8th. the W.M.S. and Ladies Aid of the Presbyterian Church of the Redeemer, met at the home of Mrs. Dorothy McCullough and Miss Gladys Pearse, with 10 members present. Mrs. Kay Hood presided at the meeting, which was opened with the singing of the hymn "The Church is one Foundation."

Mrs. Eric Quirk led in prayer. Mrs. Don MacMillan was in charge of the mission study, which was a continuation of last month's "Religions of India." Mrs. Hood gave a short report on the W.M.S. Annual meeting which she attended in Belleville. Mrs. Blake Moore and Mrs. Charles Griffiths sang the lovely hymn "Love Lifted Me", with everyone joining in on the chorus. Roll call was answered with a verse of scripture containing the word "Love". August 4th was the date set for the annual Fun Fair. After the closing of the meeting a small auction was held, with Mrs. Griffiths acting as auctioneer. According to the results, she proved to be a very good one. Proceeds will be part of the mission givings. Refreshments were served by the hostesses and committee, including a birthday cake for

Mrs. McCullough. A social hour was enjoyed by all.

Deseronto Ratepayers

There will be a meeting of the Deseronto Ratepayers Association on Thursday night Feb. 15th at 8:00 p.m.

This is a new day for the meetings, which have usually been held on Wednesdays. The members of the association hope that Thursday night will not clash with quite as many other activities, enabling more concerned residents of the town to attend meetings.

ST MARK'S

Rev. Bell of St. Mark's Anglican Church was taken to hospital on Saturday morning for X-rays and tests. Rev. Bell has been unwell for some time, and his doctors suspect gall bladder trouble.

In his absence, Bishop Creegan conducted the service of morning prayer with Mr. Vincent assisting. Desi Bell was presented with his Religious Life Certificate during the service.

During the course of his address Bishop Creegan said that the church was showing signs of revival, after the "God is dead" sixties. Ten young men from this diocese alone are presently studying for the ministry.

OBITUARY

RENDELL - Mr. Clinton Earl Rendell, 79, of RR #5 Napanee, died in the Kingston General Hospital on Sunday Feb. 11th after being ill for six months. Mr. Rendell lived in this area all his life, he is survived by his wife Helen and by son, Paul, daughter Margaret and two grandchildren.

The burial service will take place on Wednesday Feb. 14th at the White and Morris Funeral Home with Rev. Hendry officiating. Interment in Riverside Cemetery, Napanee.

Millhaven officials and Napanee OPP are investigating the stabbing incident which took place in Millhaven Institution last week. The victim was Mirko Trdin 51, who is now in the Canadian Forces Hospital in Kingston in fair condition.

Napanee Council have learned a costly lesson about police cruisers. They decided last year to keep the 1971 cruiser for a two year period instead of trading it in after one year on the road. Repairs for the car totaled \$1,900.

Picton's mayor Harvey J. McFarland thinks that the government should spend its funds on a series of bridges and causeways linking Canada with the USA. One terminal of the route in Mayor McFarland's opinion should be Prince Edward County via Amherst Island, Wolfe Island and Clayton New York.

It seems unlikely that the proposed extension to Prince Edward County Memorial Hospital will be approved in the near future, because of the government's financial cut-backs. Mr. W.E. Cooke, hospital administrator also thinks that future hospital planning will be dependant upon the decisions of the district health council.

Mayor Lorne Smart broke a tie vote at Napanee's council

meeting in favour of having council study the possibility of giving a police commission to govern the town's 8 man police force. The mayor stressed that he personally apposed the formation of a police commission but thought that the question should be studied.

It looks as though phase two in the reconstruction of Hill St., Picton may not go ahead this year as planned. The public works committee are to inspect the condition of the road on Queen and Centre Streets and other areas before deciding where to proceed.

The contract for the conversion and renovation of the Craig barracks at Prince Edward Heights has been awarded to M. J. Finn Construction Ltd. of Peterborough. The contract, valued at \$495,478 covers the conversion of 34,000 square feet of the existing 3 storey building to provide administrative offices, an infirmary and health services area.

A local Initiative Project grant of about \$21,000 has been awarded to the Hastings-Prince Edward separate school board for school libraries, and to hire painters for the winter. Ten people will be employed as a result of the grant, three as painters and seven on improving library facilities.

A fire, which swept through an unoccupied barn about 4 miles south-west of Napanee is thought to have been caused by children playing with matches. Five fire men answered the call and fought the blaze for about three hours.

Zambia Railways has expressed interest in the plastic houses which are to be produced by skylight Homes Ltd. in Picton. A programme to build 1,000 low cost homes is to be launched by the railway company, who have asked for details on the plastic houses.

James Taylor MCA for Prince Edward-Lennox has been elected chairman of the administration of justice committee of the legislative assembly. The committee covers the ministry of the attorney-general, correctional services, consumer and commercial relations, solicitor-general, treasury, economic and intergovernmental affairs, revenue and government

services.

The draft plan for Prince Edward County, which has not yet been examined by the municipalities involved, requires updating already, at a cost of \$6,500 bringing the total expenditure to \$30,000.

Napanee Council wants to bill the government for the use of the arena to billet troops during the Millhaven manhunt last summer. Councillor Vick apposed the suggestion, saying that the troops protected the town and may be needed again in the future. No decision was reached.

Hatcheries Epidemic

Anglers from this area who fish the waters of the Tweed forestry district could have their catches of brook trout severely limited in future.

The reason is the unusually high rate of disease in the provincial hatcheries where the fish are bred for stocking lakes and streams. Only one third of the normal number of fish will be available this year, enough to stock about 70 sites, instead of the usual 211.

Whilst disease is always a problem in hatcheries, the present problem is being aggravated by heavy demands on the hatcheries, which results in overcrowding, and the use of domestic breeding stock. These domesticated species are easier to handle, and grow rapidly, but are more susceptible to disease.

Tweed officials say that the sites to be stocked are those which are popular, heavily fish-spots with easy access and many users.

NOTICE

The Lennox and Addington County Hospital Women's Auxiliary will hold its annual meeting on Tuesday Feb. 13th at 8:00 p.m. in St. Mary Magdalene Church Hall, Napanee.

The new executive for 1973 will be elected at the meeting and the Hospital Administrator Mr. E. H. Mills is to be the guest speaker. The subject of his talk is "How the decisions of the Minister of Health affect our local Hospital."

Hydro seeks local views

Ontario Hydro is trying a new approach to determine which rent the high voltage transmission lines should take from Lennox Generating Station to Ontario Hydro's main distributing centre near Oshawa.

Public meetings are being planned with a view to finding out what local residents feel about the alternative routes, this is a great change from the usual procedure, where engineering aspects are given priority over people.

The objective of the enquiry is to settle on an overhead route that will be best from an environmental standpoint. All the information is to be fed into a computer which will plot the best alternative routes. The public meetings are underway, so that the plans can be finalised by mid April.

plan shelved for study

The plan for a conservation area located in Hinchinbrooke Township, Frontenac County, around Second, Third and Fourth Depot Lakes and Clear Lake, has been shelved for further study by the executive of Napanee Region Conservation Authority.

The plan includes the use of the area for camping, boating fishing, walking, snowmobiling, swimming, canoeing and many other outdoor sports. There are three proposed phases for the plan which should cost about \$364,000 to complete.

Hinchinbrooke Township was asked to pay 63 per cent of the cost, and, according to Reeve William Love, the township cannot afford such a sum, even over 10 or 15 years.

The Watch Chalet

NAPANEE

Your Authorized Timex Service Centre

The first meeting was held in Belleville and the meeting for the Deseronto area is to be held at Melrose for residents of Richmond and Tyendinaga Townships, on Feb. 8th.

The information-gathering public meetings are the first stage in the programme to select a route. The information received will be processed to determine possible corridors in stage 2. With discussion of the alternatives at more public meetings.

The third stage will determine the actual route of the transmission lines and in the final stage a full report will be prepared and submitted to provincial government, local municipalities and interested groups.

Shift of chronic patients proposed

A plan to transfer chronically ill patients from the Lennox and Addington County Hospital to local nursing homes is running into difficulties. The main problem is that the local homes are full, so that there is not room for more hospital patients. According to Mr. E.H. Mills, the Hospital Administrator, the lack of nursing home accommodations is widespread throughout the province.

The plan was implemented after the announced budget cut back, which threatens to close the maternity ward. By transferring chronic patients who need medical care, but not hospitalization, to nursing homes, the board of governors hopes to cut costs to a level where it will still be possible to maintain the obstetrical services.

However, it is still too early to tell whether the present cut backs in expenses and personnel will be sufficient to do this. It will be several months before any real evaluation can be made.

A girl's plans for the future seldom take shape before she does.

Buffalo at Elgin

Mr. & Mrs. Dennis Debler who lived on the Sound Lake Road, two miles west of Elgin, have purchased a small herd of buffalo. They own six cows, six calves and a bull, and intend to breed, raise and sell the animals commercially.

The buffalo require no shelter and consume about six bales of hay per day. So far the Deblers have found them to be very gentle, but experts warn that the

animals can be dangerous in the spring when the calves are born and during the mating season in the fall.

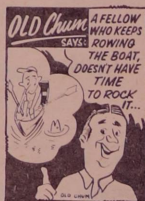

The animals can be seen by the public at a charge of 50 cents per person or \$1.50 for a family unit. The money is used to help care for the buffalo. Since the herd arrived three weeks ago there have been many visitors; they should prove a great summer tourist attraction.

Recipe of the Week

To prepare broccoli, remove leaves, cut off tough parts of the stalk, and plunge the vegetable up and down in cold water for a few minutes (to remove any sand). If the stalks are thick, split them lengthwise to the buds. This reduces the cooking time for the stalks, solving the problem of overcooked broccoli buds. Let broccoli stand straight up during cooking. Drop it, stalk first, into rapidly boiling water. By doing so, the stalks cook while the tender buds are only steamed and not overcooked.

As with all vegetables, cook broccoli in boiling water, with the lid off. Cook until just tender and serve promptly. Properly cooked broccoli has an attractive, bright green color and pleasant flavor.

Many seasonings and flavors are compatible with broccoli: among these are crisp bacon, thinly sliced ham or chicken, curry powder, nutmeg and pimento. Should you prefer broccoli "en sauce", try hollandaise, cheese, lemon butter or well-seasoned cream sauce. In a hurry? Top with a generous dollop of sour cream, or butter and sprinkle with chopped toasted almonds.

Title: Chisels for Carving
Personalities.....Part 3

This week we are going

to deal with the second chisel which is the Chisel of Hope. Perhaps you are wondering why you have never seen any of these chisels at work, as you see the sculptor's chisel in his studio. Well, this is because the real work is hidden and known only to the Holy Spirit. He works on the mind, the heart, the conscience, the will; and the result of the work is seen in the life. That is, the way one acts and looks; and the way he treats other people; and especially the way he treats God. This Chisel of Hope changes one from despondency and despair to a personality that is beautiful

and happy, and confident. Hope seems rather to be the brush of the artist rather than that of the chisel of the sculptor. This is so, because its strokes are so fine that the effect is like that of the brush. Hope creates a personality that expects the best and very much of it, so that it is made to rejoice in the hope and glory of God.

Reader, you yourself can have this wonderful experience of New Hope. Why not accept Christ as your personal Saviour and let the Chisel of Hope Transform your life into a beautiful personality that is full of new hope.

ASK THE PASTOR

Dear Pastor: I have many needs that must be met. I am in financial trouble and am also sick in body. I am a born again Christian and am filled with the Holy Spirit. I have unsaved loved ones. But the problem is, that I just cannot get enough faith to believe God for all my needs. I know that in Romans 10:17, it says "Faith cometh by hearing, and hearing by the word of God." I believe the Bible, but I still lack the faith that I desire. What am I doing wrong.

Signed L.M.

Dear L.M.: Firstly, if you try to generate faith, the only thing that you will come up with is religion. And lets face it, religion only consists of man made faith. True faith which makes up the genuine Christian life must come from the outside. It is God's gift to you. The source of faith is the Word of God. As you use Biblical concepts in your decisions, reactions, and motivations, it will be point out to you, that the Bible cautions us to be doers of the Word, and not hearers only.

All you have to do is ask God for a receptive mind. Just tell God that you want to be the kind of Christian who demonstrates the reality of His truth. You want genuine faith, and God wants to give it to you.

ASK THE PASTOR:

(Got a problem or question? Write to Ask the Pastor, Box 185 Deseronto, Ont. Your questions will be answered in this column. There is no need to sign your name if you do not desire to do so.)

Rabies Reported

A local case of rabies was reported last week in the Elm-brook area. Mr. Gary Hennessy shot a skunk which was acting strangely and took it in to be tested.

The animal was tested by the Department of Natural Resources and was found to have rabies. The disease attacks the nervous system of animals, and sections of the brain tissue are used in diagnosis. It is important that the brain is undamaged, so if an animal is shot because rabies is suspected, it should not be shot through the head.

If an unvaccinated dog is suspected of having the disease it should be quarantined and kept under observation for 14 days.

Press Release

"The Lennox and Addington County Social Services Resource Centre, located at 110 John Street, became operational on January 29th, 1973, and will be operating as a support to all service organizations in the Napanee area. Among the projects are the compiling of a list of volunteer drivers who would help to transport senior citizens and Public Health Unit patients, for example, and formation of a library at the Queen Elizabeth Senior Citizens' apartments.

If you can help in any way, particularly through volunteer driving or donations of used books, it would be greatly appreciated. Books will be received at our office at the above address."

Mohawks Cultural Institute

The Six Nations Indians at Brantford have re-opened an Indian School as a cultural centre for 20,000 woodland Indians in Ontario and Quebec.

The school, which used to be called the Mohawk Institute, closed three years ago, and was handed over to the Six Nations reserve by the federal government.

The centre will provide information for and about Indians of Eastern Canada. It will be a place where Indian artefacts, documents and resources can be stored. The main emphasis will be on education.

A Policeman's Lot ...

How can three men, each working a forty hour week effectively do a job that requires 24 hour coverage, seven days a week, a total of 168 man hours?

This is the problem confronting the Deseronto police force, who have come under fire recently from certain residents of the town because the police office is not always open, and because it is sometimes difficult to contact the officer on duty.

Police Chief Carl Beattie made it very clear that no demands are being made, but he feels that some members of the public do not fully understand the work schedule of the three man force. The work schedules are arranged so that each man has the two days off each week to which he is entitled, and during those two days he is not available. The remaining two officers work twelve-hour shifts, from 7 a.m. to 7 p.m. and from 7 p.m. to 7 a.m. in order to give 24 hour police coverage to the town. Eight of the twelve hours are spent in active duty and for the remaining four hours the officer is on call by telephone.

During the eight hours that each man is on active duty he must patrol the town, attend to the office, enforce the statutes and by-laws and investigate complaints. It is perfectly understandable that under these circumstances there are times when no one is in the police

office. Police chief Beattie explained that one impaired driver costs approximately four man hours by the time he has been taken to Belleville for breathalyzer tests, charged and has appeared in court. An accident investigation takes at least one hour.

During his four hours on call he may be expected to go out several times. In addition to the twelve hours duty, the officer on the alternate shift acts as a back up for the man on duty. Last weekend, for example, the back up man was called out five times to help with situations requiring two policemen and to attend to calls when the officer on duty was elsewhere.

Carl Beattie pointed out that in order to give complete round the clock protection to the town, at least 5 officers would be required. Even then the office would be empty most of the time. If the office is to stay open from 9 to 5 a civilian is needed to attend to matters such as dog tags and to take incoming calls. All of this would cost the Deseronto taxpayer additional money. The town residents are asked to remember when the office is closed that each officer is on duty 60 hours per week, and is expected to forfeit time on his days off if he has to appear in court, and to either show a little understanding or to dip into their pockets and employ more men.

The door of Deseronto's Police Station was closed at three o'clock on Tuesday when this photograph was taken. The officer on duty had just left to carry out routine patrols.

These old photographs, which appear to be advertisements for a film show, were recently found by Mrs. Vick.

We think that the show must have been "Alf's Button"

We may be wrong. If you have any information about these photographs, or about the date at which Alf's button was shown in any of the local cinemas, please let us know!

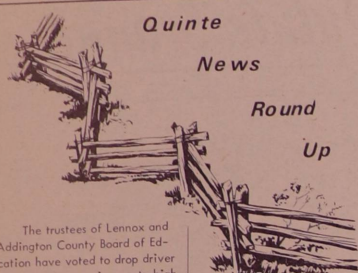

Quinte

News

Round

Up

The trustees of Lennox and Addington County Board of Education have voted to drop driver education courses in county high schools. The reason given for the elimination of the programme was that the estimated costs exceed the ceiling set by the ministry of education.

Seasonal employment projects scheduled for Prince Edward-Lennox this year have been announced by James Taylor MCA. The programmes include a predator control project involving 8 employees, a fisheries project employing two technicians and the hiring of a Napanee warehouseman to clean equipment and repair tools.

Declining enrolments in Lennox & Addington County schools is causing concern, mainly because decreased enrolment has a drastic effect on the amount of money received as provincial grants. It is estimated that the 4.31 per cent withdrawal rate will result in the loss of \$45,000 to \$50,000 in grants.

The track and field team at Prince Edward Collegiate Institute is training in the halls of the school in preparation for the coming season. It is hoped that this early start will improve their performance in this year's track meets.

A stolen van driven by sixteen year old Robert Brooks of Napanee was totally demolished when it crashed through the guardrails of a plank bridge on Ontario street and plunged 35 feet to the ground.

The accident occurred when OPP officers gave chase after spotting the stolen vehicle. Brooks was treated for minor injuries at Lennox & Addington County General Hospital.

Students of Ernestown High School won both public speaking awards at the Lennox & Addington County public speaking finals; they were Julia Buckholm,

18, and Bruce Rutton, also 18.

The two students will compete in the zone finals in Napanee.

A new approach to teaching Latin is being tried in Prince Edward Collegiate Institute. Instead of concentrating on Latin grammar the new course stresses oral skills and deals with the cultural influences that the language has had upon our society.

April 8 to 14 is to be this year's education week. Three open forum meetings are to be held in L & A County are to be held in each of the area high schools. The aim of the meetings is to provide a two-way exchange of information between the public and the board of education.

The supervisor of NHL referees, Danny McLeod of Kingston, speaking to Picton Rotarians, said that the referees have a tough job. They must skate steadily for two hours without relief, unlike the players, and must travel alone, away from the players and fans.

The new president of the Napanee Ratepayers' Association Mr. Herbert Brooks, appeared before Town Council to bring fair matters to their attention. The association is concerned about the traffic situation in front of the post office and ask that council consider installing two more parking meter spaces and a crosswalk for pedestrians. They also asked that the north side of the Town Hall be designated a fire route to save time for fire engines which, at present cannot make a left turn at the fire station. Other subjects were that the matter of fire exits in the old town hall should be investigated before any permits are

issued, and that the results of a telephone survey indicated that more people favoured a police commission then continuing with a committee of council.

Major Smart said that the council would look into these matters.

Members of the NDP in this riding held their annual meeting in Napanee last week. The attendance was the biggest ever and membership has also shown a great increase.

During the meeting the riding was divided into two organisations, the Quinte Branch comprising Prince Edward County and a Lennox and Addington Branch. Harvey Gothfried was elected president for the Quinte group and George Cottrell of Napanee is president of the Lennox and Addington Branch.

Guest speaker for the evening was Mrs. Barbara Beardsley of Toronto who talked about the role of the Provincial Council.

Richard Lunn, NDP candidate for the last election was also present and gave a clear report of the election.

A vote of thanks was given to the retiring secretary, Mrs. Irene Weaver, and to the retiring president George Dempsey. Mr. Dempsey and Mrs. Weaver both of Odessa, were congratulated on their long and dedicated service to the organisation. Support for the NDP in the

Quinte area is growing and the local organisation may well be described as healthy and very optimistic.

This is a week of special activities for scouts, cubs, guides and brownies in this area. Scout-Guide week is being held to commemorate Lord Baden Powell, the founder of the scouting movement. In many cases one of the features of the week is a father and son dinner for scouts and cubs and a mother and daughter dinner for guides and brownies.

Five Prince Edward County youths are in hospital as a result of injuries sustained in a car crash near Mountain View last week.

Mrs. Kay Hood
396-2119

Several members and friends of the Church of the Redeemer attended the Club Koinonia, "Night on India", on Sunday evening, Feb. 18th at St. Andrew's Church, Picton. Following a delicious supper of foods of India, two films were shown on India, which were very interesting. Rev. Robert Jones closed with prayer.

The Saturday bottle and basket drive by the Presbyterian proved to be a great success, thanks to so many willing workers, driving cars and collecting from door to door. The morning was cold, so the cup of coffee or hot chocolate and hot dogs served by Mrs. Klaver, were very much enjoyed. If any one was missed, and you have bottles or baskets, give us a call and someone will pick them up.

Some people were not home when we called on Saturday.

Mrs. Blake Moore spent the weekend in Toronto visiting her son and family, Mr. & Mrs. Roger McDonald and children, also her brother Mr. Reg Forbes.

Mr. Leo Palmer is convalescing at home due to a heart attack he suffered a few weeks ago.

Mr. & Mrs. Justin Fleming and Mrs. Mary Fleming of Staco were Sunday guests of Mr. & Mrs. Leo Palmer.

The Red Cross meeting was held at the home of Mrs. Ada Boyce on Wednesday, Feb. 14th with 12 present. The present, Mrs. M. Ryan opened with the Lords prayer in unison. She welcomed two visitors and thanked the hostess for opening her home for the meeting. Correspondence were read and reports given. Mrs. Gordon

Walker in charge of Women's work, gave out layettes, yarn small dresses, etc.; to be made up. Cards were sent to Senior Citizens and patients in hospitals also flowers. A few items were out on loan from the Loan Cupboard including a new mattress recently purchased by the Red Cross. The meeting was turned over to Nora Walker for the election of officers, results as follows: President - Mrs. George Lyons, 1st Vice - Mrs. L. Gordanier 2nd Vice - Mrs. Leo Palmer Secretary - Mrs. Evelyn Stuart Treasurer - Miss B. Rixon Women's work - Mrs. G. Walker Welfare & Disaster - Mrs. Fran Transue and Mrs. Ada Boyce Loan Cupboard - Mrs. Charles Griffiths Senior Citizens - Mrs. Kay Hood Campaign Chairman - Mrs.

Charles Griffiths All members are to help canvass in March. Meeting was adjourned and a delicious lunch was served by the hostess.

The five children of Mrs. Ed Sweet, who range in age from 15 to 3 years had a surprise birthday party for their mother. When she arrived home from a drive with their father, they had everything arranged, decorations, birthday cake, ice-cream and cookies, and a cup of tea to serve the guests. Each child bought her a small gift. She thanked them all for the lovely party. Mrs. Sweet who lives in Napanee, is the granddaughter of Mrs. J. Hines, who was unable to be there, but said it was very thoughtful of the children to do this for their mother.

The Quinte Old Timers euchre and bridge held on Feb. 13th was a huge success, the hall was filled. Winner of the 1st door prize, a bushel basket of groceries was Mrs. Isobel Gaylard. Other winners were Mrs. Smart, Mrs. Louise English, Mrs. Ada Claus and Father G. Vander Heijden. In euchre, prizes were - Mens high - Sid Brown 2nd - Steve Alkenbrack. Ladies high - Elsie Andrews, 2nd Tillie Sherman. Bridge - Ladies high - Mrs. M. Dickinson, 2nd Mrs. M. Lyons. Mens high - Don Reid, 2nd - Wayne Cassidy. A delicious lunch was served on valentine decorated plates with serviettes to match.

I would like to express my sincere thanks to Drs. Dow and Stalker, also all the nurses and staff on the surgical floor for their very efficient care; also my relatives, friends, and neighbours for their visits, cards, flowers, gifts and phone calls received while I was a patient in L & A General Hospital. A special thanks to Father O'Neill, Father Van der Heijden and Father Snoeren and Brother Ted for their visits and prayers.

Leo Palmer.

Deseronto water

Mr. Frank Allan of Deseronto has submitted a certificate from the Health Unit to show that a bacteriological examination of his tap water proved that the bacterial count of his tap water tested Feb. 1 was 0-0.

Many people seem confused about the meaning of these counts. Samples of water are collected and spread over a culture plate which will allow any bacteria present in the water to grow. The plates are incubated at body temperature for a fixed length of time and the bacterial colonies present on the plate are then counted.

The health authorities are concerned mainly with bacteria

that cause intestinal infections in humans. There are the coliform bacteria. Like all other infectious bacteria they grow and multiply in warm conditions. Therefore high bacterial levels occur in the summer time, winter samples can be expected to show low levels.

Deseronto tap water is probably quite safe to drink during the cold months, the summer is the dangerous time. Health officials base their decisions on year round counts, not just these taken in cold weather.

A municipal water source that does not provide safe drinking water year round is obviously undesirable, this is the problem confronting Deseronto, the water has low bacterial counts in winter and high ones in the summer time, this is the reason for the boiled water order.

Mr. Frank Allan, a Deseronto pensioner who led senior citizens in the town to oppose the high cost of a new water treatment plant here, wrote to council expressing discontent about the high rates charged for sewage services, and opposing the new water filtration plant. Mr. Allan suggested that the town should move the

present water intake so that a deeper area of the Bay could be used as a water source.

Council pointed out that this is, in fact what the town proposes to do, but if the pipe is lengthened to reach deep water then the existing pumps, which are inadequate at present, would not be able to cope therefore new pumps would be needed.

As far as the sewage rates are concerned, there is nothing to be done. The sewage system was taken over by the province in 1969, and has been a government operated plant since that date. The town is notified of the cost of operating the plant and collects the monies for the province in the fairest way they can.

Questions for the Mayor

Mayor James Sharpe and Reeve George Lyons of Deseronto are to make themselves available to the public once a week for a period of two hours. The times may vary because of other obligations, but will be announced at each council meeting.

Mayor Sharpe will be in the town offices to answer questions from 2-4 p.m. on Monday February 26. Reeve Lyons will be available on Monday March 5 from 2-4 p.m.

No parole for deviates

Lennox and Addington County Councillors have endorsed a motion calling for the denial of parole to sexual deviates.

This is the result of a recent escape by a Collins Bay inmate who is alleged to have kidnapped and beaten a 10 year old boy. The boy was found bruised and dazed near Lansdowne after spending a night in a motel with the man.

The resolution appeals to Solicitor General Warren Allmand to "adopt more stringent measures in the parole and discipline system at penitentiaries." The resolution also said that the molestation and vicious attack on a young Colbourne boy has brought the focus of this subject of the criminal at large directly to our doorstep".

Recipe of the Week

You can do a lot with carrots! Carrots go gourmet when cooked with spices or glazes, or when served in a sauce. They can take on special taste appeal cooked with other vegetables in meat stock.

Cook carrots in chicken or beef stock, adding a little chopped onion or parsley. Use only a small amount of liquid and drop the carrots in when it begins to boil. Cook until carrots are just tender.

Carrots combine well with many vegetables. Try them with: onions, green peppers, mushrooms or lima beans. Cut them into lengthwise strips, bias slices, small cubes, long thin julienne strips or leave them whole.

Buttered carrots with herbs such as tarragon, dill, thyme, mint or spiced with cinnamon, cloves, ginger or nutmeg are other interesting variations. Sweet-and-sour carrots, candied carrots (with cranberry jelly or brown sugar and butter) or carrots with cheese sauce make a delightful complement to a special dinner.

It is now possible to buy pre-packaged carrots in transparent bags, which not only allow shoppers to take a good look at the produce, but also improve storage.

Frozen sandwich fillings

Most mothers of school age children are faced with the ever-present problem of making a variety of nutritious packed lunches. With the advent of the home freezer frozen sandwiches have become very popular.

When making sandwiches to freeze it is necessary to think about the filling carefully, since some fillings do not freeze well.

Fillings made with meat, poultry, Cheddar and cream cheese, tuna fish and most sliced meats, freeze well. Don't use anything that might soak into the bread, like jelly or mayonnaise. Cooked egg white turns tough when it is frozen, and lettuce and vegetables wilt.

To bind your sandwich fillings use salad dressings, fruit juice, milk, sour cream, apple sauce, or cream cheese.

Frozen sandwiches put into a lunch box in the morning will be thawed and ready to eat by noon.

Text: Romans 5:1-11
Title: Chisels for Carving
Personalities...Part 4

In today's message I am dealing with the third chisel which is called the Chisel of Trial. It is called tribulation in the Scriptures, but it means trial. "We glory in Tribulation" - This speaks of our victory. Amongst the beautiful things that trial fashions is the personality in developing patience, experience, and hope. Several years ago, parents used to name their girls after these graces. There was Patience in one family; Hope in another; and Experience in another. Sometimes there would be two or three in the same family. This was because they thought so much of these qualities. The Chisel of Trial carves all these on the personality and makes it so very beautiful. The use of this chisel is often very painful, and may seem even unnecessary; but the Great Sculptor knows when and how to use it. Nobody wants any trials, but they come anyway. Then too, even the model of Jesus Christ was made perfect through suffering; and His followers may expect the same. When you read this portion of Scripture you will find that Paul sees a trial or problem as something that he can use, and not something that lays him low. You see a trial or problem gives you the opportunity to be patient which develops the strength of personality. For the Christian every trial can be a useful experience to build his faith, confidence, hope - if he faces it by relying on the Holy Spirit.

ASK THE PASTOR

Dear Pastor: Why do the Pentecostals take a stand against shows and dances. Is their anything wrong with either one of them? signed J.M.

Dear J.M.: Yes, it is true that the Pentecostals have been known

to take a stand against the movie theatre and the dance. In giving reasons, I could take up a lot of this paper's space. However, I will try to be brief. Take the dance for example. What is wrong with it? Well, first take a look at the Bible (Exodus chapter 32 & Mark 16) The word "dance" is used many times in the Bible, but only a few times it is used in any sense that would compare with the modern dance, but there is one such case. Here the two sexes danced naked together. Read the text, and you will see the results. Space does not permit more to be said but I will say this, that the dancer is always in bad company.

Now let's take a look at the movie. If you are a Christian, then you have the Holy Spirit abiding in your body. Read these texts: 1 Cor. 6:19-20; Romans 8:9; 1 Cor. 3:16-17. When you go to a movie, you grieve immeasurably that Holy One who dwells within you. For the most part, most movies deal principally in sex, crime, and impure love themes. In fact movies generally encourage crime, endorse sin and teach lust. In coming to a conclusion to your questions, I will say that the Christian who attends the dance and the show feels very little of the comfort of the Holy Spirit. Considering all this, and if your Christian life has any depth, you just won't go. But I am not your Judge, for God alone is.

ASK THE PASTOR:

(Got a problem or question? Write to Ask the Pastor, Box 185 Deseronto, Ont. Your questions will be answered in this column. There is no need to sign your name if you do not desire to do so.)

Picton Boat Builder

The presence of a boat building firm at Loch Sloy holdings' property on Prince Edward Heights has been officially announced. The agreement was completed last November, according to Mr. William Duggan, director of economic development for Prince Edward County.

Hullmaster Boats will employ approximately 20 persons in its first year of operation, rising to an estimate 40 persons over a three year period.

Indians Encouraged To Assert Themselves

Mr. Alton Bigwin, an educational officer with the Ontario ministry of education told students and staff of Moira Secondary School in Belleville that Ontario's native people must build a more positive attitude towards themselves their language and their culture. Mr. Bigwin, an Ojibway Indian was at the school at the invitation of Mr. Leslie Claus and the 72 Indian students in the school.

Native studies programmes,

which are now being introduced into Ontario school not only improve the Indians' feeling of self-worth, but also broaden the non-native's understanding of the Indian people, he said.

Native studies is now part of the grade 10 history course, in some schools in the Province the course is now a full year's credit programme. The aim at Moira is to integrate a native studies course with history in all secondary school grades from nine through thirteen.

Continued from page 2

Prince Edward County home for the aged has been condemned. Immediate construction of a new home has been urged in a grand jury report which says that residents could not be evacuated safely in an emergency.

Prince Edward Collegiates Safety Quiz team has won its fifth match in the series. The team will now play the winner of the Ottawa-St. Lawrence division of Industrial Accident Association playdowns.

Have you claimed your credit?

Even if you don't pay income taxes you may benefit from the Ontario Government's new Property Tax Credit Plan. And you can only apply by filing a 1972 Income Tax Return.

We've included a special mauve claim form just for that purpose in your 1972 income tax kit. Along with an explanation of the plan.

If you paid property taxes or rent last year, you may be eligible. If you haven't received your kit in the mail, pick one up at any post office. And send in both the tax return and the claim form. The sooner you file, the sooner you'll receive your benefit.

Your federal District Taxation Office will be glad to answer any questions you might have.

The Ontario Property Tax Credit Plan. We thought of it. But we'd like you to get the credit.

What Council Did

All members of council were present at Monday's meeting and took part in the business. During the meeting council:

- * Heard that their application for a LIP grant for the tree removal had been turned down and decided to ask MP Jack Ellis to seek re-consideration of this decision.

- * Were informed that the Provincial Municipalities Incentive Programme grant for conditioning and repairing sidewalks in town was granted. The sum involved is \$2000 and work is to begin when the weather improves.

- * Read a letter from the ministry of Transportation and Communications confirming the agreements made at the meeting on Feb. 5 with regard to the reconstruction of the connecting link with Highway 2.

- * Were advised that a task force housing policy meeting will be held in Kingston sometime between March 27 and 30. Councillors Dickinson, Gordanier and McVicker are to prepare a submission to present at the meeting.

- * Heard that government assistance for water and sewage programmes is to be increased from 50 percent to 75 percent.

- * Agreed with the PUC that Mr. Fench of Maclean-Hunter should be asked to attend the next PUC meeting to discuss the radio aerial for the top of the water tower.

- * Received a preliminary zoning map from planning consultants Totten, Sims and Hubicki.

- * Gave permission to the Deseronto Red Cross to hold a blitz on March 19th.

- * Authorised payment of \$8,400 for the new back hoe.

- * Were informed by Councillor

Dickinson that the rink is operating well and that the uniforms for the hockey teams have been received.

- * Granted permission to the Pentecostal Church to use the park for meetings from July 1 to Labour Day, but asked that the land speakers be turned down.

- * Heard that the charge that a town employee had sold scrap metal belonging to the town had been investigated by the police and was unfounded.

- * Passed a motion that a request should be made to the Ministry of the Environment to

have the ball water order lifted.

- * Decided that the by-laws should be reviewed to remove obsolete legislation.

- * Arranged for a committee of the whole meeting to meet with the PUC, to discuss town office re-organisation and to evaluate salary scales for town employees.

- * Heard that Reeve Lyons will take the chair at the next council meeting in the absence of Mayor Sharpe who has to attend a Hydro meeting.

No committee

After Mayor Sharpe explained the regulations concerning the roles of the PUC and of council at the Deseronto council meeting Monday night, the decision to form a standing committee to deal with water and sewage problems was rescinded. In forming a PUC the town places service problems under their control, instead of under the control of council. Mayor Sharpe said it is illegal for council members to make decisions which are under the jurisdiction of the PUC.

hockey

W.H.A. IN OR OUT!
by Del Wannamaker

Mr. Gary Davidson, president of the newly formed W.H.A., is either a great wizard or a man who has little or nothing to lose.

After forming the 12 teams in the W.H.A. he has given all the owners of the teams migraine headaches.

He has stated that it will take 3 years before parity with N.H.L. will come about. But how can they hold on to his dream of parity when already teams are on the verge of collapse?

Mr. Davidson's record for success is just about par at present, he formed the American Basketball Assoc. only 5 years ago, and already most teams have faced large financial losses, and their future is debatable.

Volume III No. 25

SEARCH FOR LOCAL AIRCRAFT....

Mr. Al Smith, an ex-RCAF wireless air gunner, is busy researching the old air training bases which were situated on both sides of Deseronto during the First World War.

Camp Mohawk, to the west of Deseronto was also used during the Second World War, and is now called Mohawk airport.

Camp Rathbun, to the north-north-east of the town has almost disappeared, the buildings have been moved; one of the old hangars now serves as Deseronto's Town Barn. On the site of the camp itself there are still signs of concrete work and foundations.

It is surprising how little information is on record about these two training camps. It is, at the most, just over 50 years since Camp Rathbun closed, but few traces remain of the men who flew out of the base and of the machines they used.

Mr. Smith is particularly interested in old photographs of the camps, especially those that show planes clearly. He needs to know the serial numbers of the machines, for example, in the above photograph the number C 187 is clearly visible on the fuselage of the Jenny bi-plane.

The planes also carried

insignia denoting which squadron they belonged to. Al knows that one of the insignia was a black cat, another was the skull and cross bones. More information on this aspect of his research is urgently needed.

In the course of his research Al has corresponded with flyers from a wide area. One of his most valuable sources of information is an old gentleman in Cobourg. Another is in Rochester, New York. He says that he is now at the point where all the pieces are beginning to fit together. It seems probable that there are still many people in this area who remember the camps as they were in their hey day, and such information would be of invaluable assistance to Mr. Smith in his search to uncover the history of these two training bases.

Any of our readers who have photographs of the camps or of planes are asked to contact Mr. Al Smith at the Area Assessment Office in Belleville by calling Zenith 47360, or to contact the Scanner office. It is important that this aspect of Canada's history should be recorded before it is completely forgotten.

Frontenac to host International plowing

Hastings county has lost its bid to host the International Plowing Match in 1977.

The match will go to Frontenac, which hasn't been the site of the big match for more than 30 years.

Frontenac County's application was a last-minute entry,

but the Kingston committee made certain that its request was heard.

Hastings county was host for the International Plowing match in 1961, the five-day event being staged at the Clarence and Arthur Vermilyea farms immediately north of the city.

Schools' Future Limited

Because families are having fewer children, Hastings county board of education this week announced the closing of four schools.

The 50 pupils in Gilmour Public School will be bused to Coe Hill in September.

Shannonville Public School's 42 pupils will be bused to Tyendinaga Central School next year. The central school has 10 rooms, was built in 1967 and now has 322 pupils. The enrolment at Shannonville, had it remained open would have dropped from 51 pupils now to 42 in September. Tyendinaga, which had 420 pupils in 1970, will drop to about 360 next September, even with the infusion of Shannonville's pupils.

Point Anne school to be closed this year, has 76 pupils.

This will drop to 65 in September. Its kindergarten through grade 6 pupils will be bused to Douglas Atkins School. This will help fill up Douglas Atkins, whose enrolment is falling off alarmingly. The grade 7 and 8 pupils from Douglas Atkins will be sent to Harry J. Clarke a senior school in the city.

Mohawks to Dance

Tyendinaga Reserve's Mohawk children dancers are scheduled to perform before Governor General Michener in Kingston in April.

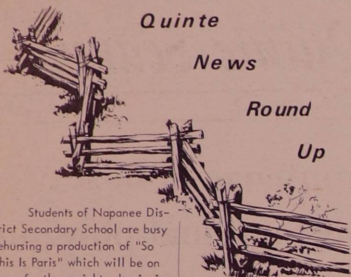

The dancers will take part in an entertainment programme after the Governor General holds a citizenship court in Kingston during its 300th anniversary year.

FIFTY YEARS AGO

This photograph was taken at the site of the new Medical Centre 50 years ago. Some of the local children shown are still living in Deseronto. Can anyone identify them?

Quinte News Round Up

Students of Napanee District Secondary School are busy rehearsing a production of "So This Is Paris" which will be on stage for three nights, beginning March 1st.

The play is a musical production with a cast of 50 students supported by eight dancers, 10 teachers and a band of over 10 members. The stars of the show are Carrie Robinson of Camden, Deborah Smith, Andy Larstone, Douglas Turnbull and Carol Wartman, all of Napanee.

The NDSS students have been working on this project since January.

At a "courtesy meeting" at Queen's Park between the members of Local 387 of the United Cement, Lime and Gypsum Worker's International Union, the workers gathered the impression that a settlement of the question of Lake Ontario Cement's mining of the Sandbanks was almost settled.

It is understood that Power Concrete and McFarland Construction applications for licences under the Pits and Quarries Control Act have been approved.

The Ontario Government report recommended that the cement company be limited to sand mining for a term of three years.

Mr. Ernest Doughty, the director of music at Napanee District Secondary School has reported that two bands from NDSS will take part in the Belleville Music Festival to be held Feb. 28.

The senior band will compete against five other bands, and will play the Sound of Music for the judges. The other band is made up of students from grades 9 and 10 and will play the Little Russian Suite.

Picton's new welfare administrator is to be Mr. Arne Nielsen. Mr. Nielsen was born in Denmark, where he was trained as a lawyer. He spent one year at Osgoode Hall, then

joined the Ontario government in the ministry of community and social services. He has been instrumental in consolidating many township welfare systems into county units.

Mr. Nielsen says that he is looking forward to working in the county, and that he has been a frequent visitor to the area for many years.

Lennox and Addington county council has decided to re-instate the grants system. This means that the County will again give grants to various organisations. However, any group planning to apply for a grant should do so before Mar. 5.

Phil Dodds of Picton, past president of the Ontario Horticultural Society has been named chairman of a special committee to study and, if necessary, organise a judging school for flower enthusiasts.

The skate-a-thon sponsored by the Picton and district minor hockey association was described as a great success. The event received wide support and a total of 292 skaters took part. Prizes of hockey jackets will be awarded to the skaters who turn in the most money in each division. The grand prize will be tickets for the NHL game in Toronto. The Mite and Novice teams are in a close race for this prize.

Mr. H.J. McFarland and J.W. Stewart of Proctor-Lewyt have been appointed members of Prince Edward County economic development committee for 1973.

County council representatives on the committee are: Reeve George Foster of Sophiasburg, Reeve Allan Anderson of Bloomfield, Reeve Jack Wells of North Marysburg and Warden Russell Thompson of Ameliasburg.

Miss Canada received a warm welcome when she visited a consumer fair in Napanee last week. Gillian Regehr, of Vancouver met residents at Napanee District Secondary School during the consumer's night programme sponsored by Carload Food Market in Napanee.

Thirteen drivers of Triad Truckways received safe driving awards at a social gathering of the Quinte District Transport Safety Association in Belleville last week. A record of 12 years safe driving was chalked up by Keith Adler. Keith Hope won a 10 year award.

Two Picton youths face charges in connection with a break-in at Prince Edward Yacht Club on Feb 11 when a quantity of liquor and a radio were taken.

Prince Edward County Council has authorised two local grants ahead of their full county budget to enable two local arenas to take advantage of a LIP grant. The grants were made to the Prince Edward County Community Centre which received \$10,000 and to Wellington arena which received \$6,354.

Members of the Prince Edward County Council who held

shares in the Wellington arena Company should have declared their interest before voting on a grant of \$6,354 to the privately owned company.

Reeve Robert Boyce of Wellington said he was satisfied that it was proper for the arena to receive a council grant but agreed that council members holding shares should have declared their interest even though the arena is regarded as a non-profit organisation by the federal government.

The snowmobile-a-thon held in Athol Township raised more

Service Centre

is a family affair. It will be held this year on Friday, March 2nd on the theme "Alert in Our Time." The service of Worship was developed by a group of New Zealand women. In our community the World Day of Prayer service will be held in St. Vincent De Paul Church at 2:30 p.m.

Guest speaker will be Mrs. Terry Larstone of Napanee. Funds from last year's offering were distributed in Canada and around the world to promote the Gospel and meet human need through the preparation and distribution of Christian literature, ecumenical projects and education work.

The Presbyterian Sunday School held the "World Day of Prayer service on Sunday, Feb. 25th at 10 a.m. The teachers and older children took part in the service. The offering will be sent to the Women's

Inter Church Council of Canada to be used for books for "blind children." The "Children's Service was edited by Mrs. Captain M. Ryan, Moncton, N.B., wife of the Salvation Army Corps Officer."

Miss Mary Laverture has returned home from the Belleville General Hospital.

Mr. and Mrs. Roland Forbes of Trenton were Sunday visitors of Mr. Forbes' sister, Mrs. Charles Griffiths.

Annual Mother and Daughter Banquet held on Tuesday, Feb. 20th at St. Mark's Church Hall.

During the programme a presentation of a cheque to the Arena Fund Raising Committee, chairman Peter Morris, was made on behalf of the Guides, Kathy Johnson, and on behalf of the Brownies, Tammy Johnson.

All Around and Canada Cards were presented by Mrs. Allison to Christine Hunter and by Mrs. Hunter to Kathy Johnson.

Brownie of the Year Award was presented by Mr. Carl Beattie, president of the Deseronto Lions Club to Mary-Jo Sergeant.

Plaque to last year's Guide of the Year was given to Kelly Detlor and the Guide of the Year Award presented by Mrs. Gerald Lott was presented to Kathy Johnson.

CARDS OF THANKS

I would like to express my sincere thanks to my friends, relatives, and neighbours for their visits, cards, flowers, phone calls and gifts while I was a patient in Belleville General Hospital. Special thanks to Dr. D. C. McVicker, nurses and staff, also to Rev. G. Van Der Heijden, and Brother Ted for their visits and prayers.

Mary Laverture

Government evading responsibility

Mr. Douglas Alkenbrack, MP for Frontenac, Lennox and Addington, who was strongly in favour of retaining capital punishment, says that the government is evading its responsibility. "Extending the ban is not only putting off a decision that must eventually be made, it is tantamount to saying that there is no great risk attached to the crime of murder" he said.

Douglas Alkenbrack, MP for Frontenac, Lennox and Addington has attacked spiralling food costs. He says that the increases hit the poor more frequently than people in higher income brackets.

Mr. Alkenbrack said that inflation is eroding the fabric of Canadian life, because those who can least afford it must bear the greatest burden.

Flood damage feared

High water levels in Lake Ontario and Lake Erie are still causing concern. In Windsor,

city officials asked General Motors for help in preparation against possible flooding. The company has donated 10,000 sand bags made from car upholstery material to make a bulkhead for diking.

Robert Norwood, director of the Windsor-Essex Emergency measures Organisation has urged municipalities in the area to prepare for possible floods.

In response to our query last week about the old movie photographs, Mrs. Maude Taylor of Picton writes:

The photographs, are from "Alfs Button," written by "W. A. Darlington". I do not know when the story was made into a film, but I have read the unabridged book in England.

The book is really very funny, but hard to get. Even in England when I was visiting I asked for it at a book store and they kindly sent away for it. But when I got it, it was an abridged form. All the best funny pieces had been left out. I do not know when it was made into a film, but I wish we could get it here on Television.

Free rabies clinics

With the increase of positive rabies cases in this area since Jan. 1, free anti-rabies clinics are being planned for 16 Lennox and Addington communities.

Dr. N.W. Rivington, veterinarian in charge of the health of animals branch, said this morning there have been seven positive cases of rabies detected just over the Frontenac-Lennox and Addington border and three cases in L-A County since early January.

He advised that he just received confirmation that a cat tested out positive in northern Frontenac County. The pet scratched a woman, he added, necessitating painful anti-rabies shots for the person.

At the beginning of 1973 Dr. Rivington reported that rabies outbreaks were not near epidemic proportions and it would be unlikely that clinics would be held.

However, the situation has now changed, he points out. "I would try and encourage the people to bring out their dogs and cats and get them immunized before it gets into large proportions," warned the veterinarian.

Tentative locations through out the county are Amherstview, Napanee, Odessa, Bath, Stella, Sillsville, Selby, North Fredericksburgh, Newburgh, Tamworth, Flinton, Denbigh, Clovne, Yarker, Centreville, Enterprise.

Sandbank mining criticized

Stephen Lewis, leader of the Ontario New Democratic Party, lashed out at the ministry of the environment Friday night and said it was "grinding to a halt" under Minister James Auld.

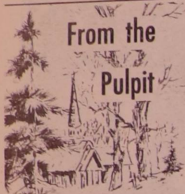

He zeroed in on the province's decision to allow Lake Ontario Cement Co. Ltd. to mine Lakeshore sand near Picton,

Ont., adjacent to Sandbanks Provincial Park.

Mr. Lewis said that since the company was given the right to truck the sand out of the area it has begun, for the first time, to return dividends to shareholders.

He noted that among the shareholders were several conservative notables.

Text: Romans 5:1-11
Title: Chisels for Carving
Personalities Part 5

Today, we come to the fourth chisel that is used for carving one's personality. This is the Chisel of Love. The Bible states "The love of God is shed abroad in our hearts by the Holy Spirit." Love is the chisel and love is the character of personality that is chiseled. This love chisel is a very peculiar and effective instrument. There are several kinds of it: One is as the love of God in the giving of His Son. The second is the love of Christ in dying on the cross for all mankind. And the third is the love of one person for another. The Holy Spirit knows how and when to use each. In one of Paul's letters he speaks of the result of the Holy Spirit's work under another figure, namely that of a fruit of growth. He puts love at the very first of these nine fruits of the Spirit. Love is quite different from trial as a chisel/ for love usually does its work so gently and tenderly that one scarcely knows that it is chiseling away part of one's very nature and life. This is the last chisel used, and it too, like the other chisels used, leaves a personality that is very beautiful and loveable. It is said that God commends His love which means that He causes it to stand forth and shine forth before the eyes of all. This love, as seen in the sacrifice of Christ is the very highest in quality and the very greatest in quantity. It stands alone in its redeeming and forgiving power. The action of this love chisel is very effective. It helps others to see the glory of Jesus Christ in the lives of those who dedicate their lives to Him. The love chisel is beyond human comprehension, but we know that it means to have a life like that of Christ; to be growing more and more into the fullness of His Personality; to have the Spiritual power of Christ; to come at last into the Heavenly Glory in Christ;

and with Him "Changed into the same image from glory to glory." This is the crowning work of the Chisel of Love by the Great Artist - Sculptor - the Holy Spirit.

ASK THE PASTOR

Dear Pastor: Why do you always stress that children should go to Sunday School and Church? Don't you think that you can overly stress this?

signed. R.M.

Dear R.M.: Personally I think that everyone ought to go to Sunday School and church. I stress that Children should go to Sunday School simply because Children are the heritage of the Lord (Psalm 127:3). Jesus loves every little boy and girl. This is proven by His words, "Suffer the little children to come unto Me: for of such is the Kingdom of God.... and He took them up in His arms and put His hands on them and blessed them." (Mark 10:14-16) You see Jesus loves the children especially because He knows that they will soon be men and women, making this world either good or bad because of their influence. So I think that every parent should send their children to a good evangelical Sunday School where they may get grounded firmly in the Word of God.

ASK THE PASTOR

(Got a problem or question? Write to Ask the Pastor, Box 185 Deseronto Ont. Your question will be answered in this column. There is no need to sign your name if you do not desire to do so.)

Grant sought to improve road

The minister of natural resources is to be asked for a grant to help improve the road to the Outlet and Sandbanks Provincial Parks.

Reeve Keith MacDonald of Hallowell Township said that the road, which was constructed 25 years ago is now obsolete.

Reeve MacDonald is of the opinion that a government that locates provincial parks in an area should be prepared to contribute more than the normal 50 per cent to maintain the roads which service the parks.

JACK ELLIS

Budget To Cost 30 Jobs

Jack Ellis says tariff reductions introduced in Monday night's federal budget could lead to the loss of 30 jobs in the Quinte fruit industry.

The problem, says Mr. Ellis, stems from a 24 3/4 - percent cut in import duties on ready-to-serve fruit juices, one of several reductions announced for the food industry.

Resulting lower prices for across the border drinks could put manufacturers importing raw concentrates only 3 1/2-percent cheaper - in a difficult situation.

With more foreign fruit juice being consumed, demand for domestic products will decl-

ine, a situation that could cause 30 members of this area's fruit-producing business to lose their jobs.

"We can't afford to have these people out of work," said Mr. Ellis following the Commons session. "It hasn't happened yet, but it is there and is a very serious threat to these jobs."

With him in Ottawa Friday was Deseronto manufacturer Roy MacDonald. Together, the two met with agriculture minister Eugene Whelan to discuss the issue in detail.

Lynn Thomlison is looking for a buyer for a 1969 Buick Riviera H.T. Lic. No. 8512E. It's a true luxury automobile with every option imaginable, including air conditioning. See Lynn at

than \$2000 towards sports equipment and the improvement of recreational facilities. Sponsored by the Athol recreation committee.

the event recorded 64 entries for a cross country ride. Expense monies for the event were donated by Lake Ontario Cement Ltd., Cherry Valley Cannery, McCormell Electric, Moore farm machinery and Fennell's Grocery.

Two men were injured when their car left the road, striking a telephone pole on Talbot St. two miles north of Picton. Both men were taken to Prince Edward

County Hospital and were later transferred to Belleville General.

A 37 year old Toronto man was unhurt when a wheel flew off the tractor trailer he was driving-sending it into a rock cut along Hwy. 401 two miles west of Napanee. Damage to the tractor portion of the vehicle was estimated at \$3000 to \$4000.

Representatives of the Mariners' Museum at South Bay in South Marysburgh Township are to appear before Prince Edward County Council to seek financial assistance.

The Marine Society has commenced construction the shell of the museum building but are applying for a grant to complete the interior.

The designed of the museum was the work of William Kettlewell, and is based on the design of a ships loft. The building will house small marine artifacts and displays and will complement the large displays in the museum park.

Picton firemen were called out to seven fires in seven days last week. One of the calls was to Salmon Point, the remainder were in Picton. All the fires were of a minor nature.

Firefighters from the Bloomfield - Hollowell fire department were hampered by curious motorists as they rushed to answer a call on Glenora Rd.

The small blaze occurred at Mountain Lake Farms, the

property of C.H. Franklin and was caused by an overheated space heater in a drive shed.

The Anglican and Roman Catholic parishes in the Picton area are staging hunger meals on Ash Wednesday, March 7, to support the "ten days for world development" programme.

The parishes concerned will serve bread and soup to all who come to the meal, contributions should be at least \$1.00 per person.

Jack Lacey of Wallaceburg, who headed a pool building committee there, was recently in Picton to give advice on how to raise funds.

He said the money was obtained from service clubs, by federal and provincial grants and by exhaustive canvassing and special appeals.

The Quinte Isle Swimming pool committee will have to raise between \$200,000 and \$250,000 to build the pool next to Prince Edward Collegiate Institute.

Prince Edward Region Conservation Authority is sponsoring its annual poster contest open to all public and separate school students from grades three to eight.

Posters must reflect a conservation theme and prizes will be awarded to winners in three divisions.

All entries must be received before May 10.

About 125 Ski-Doos sold at Quinte Marine in 1973 are being recalled by the manufacturer to have throttle changes made.

Although none of the cables replaced to date have been faulty, there is a chance that the cable may lodge in the cable housing, causing the throttle to stick.

Changing the cable takes about 10 minutes, according to Mr. Howard Church, the proprietor of Quinte Marine. He also said "There's no real emergency here."

A pilot project in family life education is to be conducted in five separate schools in Belleville, Trenton and Picton next year.

The course will not be offered until parents have had an opportunity to study the course content.

COUNTY OF HASTINGS

Amending Notice

FURTHER NOTICE IS HEREBY GIVEN that the application of the Corporation of the County of Hastings to the Legislative Assembly of the Province of Ontario at its next Session for private legislation with respect to the composition of and votes on the County Council shall relate to the year 1975 and subsequent years, and not to the year 1974 as previously indicated.

DATED at Belleville this 20th day of February, 1973.

Gardening

SPRING BULBS DO WELL IN-DOORS

You don't have to wait until the bulbs in your garden emerge to enjoy spring flowers. Tulips, daffodils, hyacinths, and crocus make excellent potted flowers for a winter window.

Flowering bulbs should be given the same care as any other houseplant. They require a fertile soil and regular watering to prevent wilting. Potted bulbs thrive in a bright location with plenty of sunshine.

When the bulbs have stopped flowering, allow them to dry out. Pull off the leaves when they are brown and dry. In late May or early June, plant the bulbs outdoors among your other garden plants. The bulbs will establish their root system over the summer and regain some of the energy lost during forcing.

Flowering bulbs are a very practical gift, because they can provide more flowers another year. Next spring, watch for the new shoots as the bulbs get ready to produce a second flower crop.

GET HOUSEPLANTS READY FOR SPRING

During the winter, houseplants rest and do not produce much new growth. As the days get brighter and longer, they begin to shoot up. Now is a good time to repot root-bound plants, this practice helps produce strong, vigorous plants with fewer problems.

Using a rich potting soil, replant your houseplants in the next larger container. Remember to provide drainage by covering the drainage hole with pieces of broken pot or crushed stone. Pinching out the growing tip will promote bushier houseplants.

You should also feed houseplants regularly for vigorous development. Use any good liquid fertilizer or plant tablet and follow the manufacturer's directions.

The plants may need more water now, especially if they are growing quickly in a sunny window. Check the condition of the soil; it should be kept moist at all times. Be careful when watering. Use water at room temperature since cold tap water may shock the plants. Add enough water to wet the soil to the bottom of the pot then let the excess drain away.

Gymnastics demonstrated

More than 100 women and girls took part in a modern gymnastics clinic at Napanee District Secondary School last week.

Mrs. Evelyn Koop of Toronto conducted the clinic. Mrs. Koop is the leader of Kalev-Estienne, a group of Toronto gymnasts who have performed in competitions in North America and in Europe.

Quinte Cablevision in Picton is expected to start the new educational TV service early in March. The service was originally scheduled to begin in December. Details are expected soon.

Prince Edward County Warden Russell Thompson said at the last county council meeting that a budget will be presented at the next regular council meeting on March 20.

Mail was stolen from a letter drop in Picton Post office last week. Letters, cheques and other mail were recovered in Benson Park. Constable Ronald Roblin is investigating.
